Initial skill + Hint v1: 5/6 dual pass | Initial skill + Hint v2: 5/6 dual pass

Initial skill + Hint v1 Initial skill + Hint v2

All scores vs original F; similarity is not correctness. Gray: original prefix (attributed, not replayed).
Vertical dashed: first extracted Verus pass, not necessarily Lynette pass. Output tokens include reasoning once; hint costs are separate.
Both arms use the original initial skill and fresh hints; one sample per checkpoint, not a causal estimate.
